25. (Unclassified - THW) LIAISON I returned Bill Hogan's, House Armed Services Committee staff, call to Lyle Miller of 10 May. Hogan said that _____, IC Staff, had called Kim Wincup, also on the Committee staff, to discuss the transfer of slots from DOD to Resource Management Staff and Collection Tasking Staff. He said they would be happy to work out with us and the oversight committees whatever we felt was necessary but they would like to have a complete briefing in order to get a better grasp of what is necessary. I told him I would set something up. I then called _____ and related the conversation and offered to set up a briefing. She said that she would rather set the briefing up herself and indicated that OLC should not be involved.

26. (Unclassified - THW) LIAISON Iris Portny, OSD/LA, called saying that she was returning a call from either _____ or _____ I told her that neither one of us had called her and asked if she knew what the subject was. She said she did not. She said she would try to find out what the message she had received was and would get back to me if she had any need.

28. (Unclassified - THW) LIAISON Josh Bill, Legislative Assistant for Representative Robert E. Bauman (R., Md.), called requesting the latest unclassified figures on Cuban troops in Africa and unclassified current information on Soviet military supplies to African movements. I told him we had no unclassified information but if he were merely looking for ball park figures he could find them in Newsweek magazine of four or five weeks ago. He thanked me for the reference.
